DEEP FRIED TURKEY

Ingredients:

- 1 Whole turkey (thawed completely)
- Tony Chachere's Injectable Marinade
- Tony Chachere's Original Creole Seasoning
- Oil for Frying

Directions:

Remove giblets and rinse turkey with warm water. Drain cavity well. Inject turkey with Tony Chachere's Injectable Marinade as indicated on package. Generously sprinkle inside and outside of turkey with Tony Chachere's Original Creole Seasoning. Deep fry whole turkey in 3-4 gallons of oil at 325°F for 3½ minutes per pound. (Whole chickens for 7 minutes per pound.) Be sure to drain all water from the turkey cavity before deep frying to prevent splattering of hot oil.
